THE CUP DEFENDER

The Reliance, in the International Yacht Race, Outfooted and Outpointed the Shamrock.

RAIN CAME DOWN IN TORRENTS.

American Boat Steadily Increased the Lead Rounding the Turn a Mile Ahead of the Shamrock.

The Race, However, Was Declared Off on Account of the Inability to Finish in the Time Allotted the Vessels.

New York, Aug. 21.—One of the biggest crowds of sightseers and yachtsmen that ever sailed down Sandy Hook to witness an attempt of a foreign cup hunter to wrest from America the yachting supremacy of the world, returned to New York Thursday disappointed because the sea had refused a field of combat to the racers, but nevertheless, jubilant in the conviction that Sir Thomas Lipton's latest challenger, like the two Shamrocks which had preceded her, was doomed to return to England empty handed. Of course the race Thursday was not absolutely conclusive owing to the light and shifting character of the winds, but in a 15-mile beat to windward, a portion of which was sailed in a driving rain, the cup defender, Reliance, showed its heels to Shamrock III. in commanding style, and in weather conditions which were supposed to be to the particular liking of the challenger. Five's latest creation has been heralded as a veritable wizard in light breezes in windward work, especially with a jumpy sea on, while the Reliance, in its trials, had demonstrated best reaching and running in a whole sail wind. Yet Thursday, with a breeze varying from one to twelve

RELIANCE ON HER TRIAL SPIN.

knots, and against a long ground swell the defender outfooted and outpointed Shamrock. The Shamrock did not turn the outer mark, and there is, therefore, no way of knowing absolutely how much it was beaten, but it was estimated that Shamrock was more than a mile astern, or about 16 minutes in the existing strength of the wind, when the Reliance rounded. As a result of the trial the experts believe, blow high, blow low, that the Reliance will win this, the 13th series for the American cup.

In the first 20 minutes of sailing the defender showed its windward qualities, drawing up on even terms with the challenger besides being about 200 yards to windward. Then the cloud broke and for 30 minutes the rain came down in torrents, the wind, meanwhile, increasing to 12 knots. When the storm had passed the defender was seen to be firmly established on the weather bow of Shamrock III. and it was never afterwards headed.

During the last two hours of the race Reliance steadily increased its lead, rounding the turn a mile ahead of Shamrock. Heading back for home close hauled, Reliance had just reached Shamrock, still outward bound, when, it being apparent that the race could not be finished in the time allowance, the regatta committee boat at 3:45 fired the signal which declared the race off. Under the rules the first race, 15 miles to leeward or windward, and return, is now postponed until Saturday.

Heavy Storms Damage Crops. Mayking, Ky., Aug. 21.—Thousands of dollars damage to growing crops was done by a heavy downpour of rain and a destructive wind storm on the Cumberland river, in the southern part of the county, Thursday.

POWERS DECLARED INNOCENT.

Ex-Gov. Taylor Denies Complicity in the Goebel Murder.

Georgetown, Ky., Aug. 21.—As evidence in the case of Caleb Powers, on trial here, his counsel Thursday afternoon filed the deposition of former Gov. W. S. Taylor, of Kentucky, now a fugitive from justice. The deposition contains a general denial by Taylor to the charges preferred against him in the indictment returned in the Franklin circuit court of complicity in the murder of William Goebel, and also a denial of any knowledge of the complicity of any of the others indicted, or charged or of any one, in the alleged conspiracy to assassinate Goebel or any other member or members of the general assembly of 1900 or even of any participation in or knowledge of any attempt to intimidate the legislators or to force them to do aught than just and right in the settlement of the contest for the governorship. He denies that he had any of the incriminating conversations alleged to have been had with him by commonwealth witnesses. The conversations related by the commonwealth witnesses are taken up separately and denied in detail.

The deponent denies that the bringing of the armed body of men from the mountains in January, 1900, was for other purposes than to peacefully petition the legislature. He denies that so far as he knew they were orderly and well behaved and that they returned home the night of the day of their arrival for the sole reason that they had accomplished their one purpose, to assemble on the steps of the state capitol and petition the legislature not to rob the men they had voted for as the nominees of the republican party. The deponent takes on himself the responsibility for their coming, saying that it was originally his purpose to have about 1,000 men visit Frankfort each day for the last few days the contest was pending, not to intimidate the legislators, but to show them the extent of the feeling out in the state in the matter.

He declares Caleb Powers to be innocent, so far as he knows, of any complicity in the murder of Goebel, and says it was for that reason that he gave him a pardon. He says he never saw Jim Howard until after the death of Goebel, and never gave him a pardon for that or any crime. The responses ruled out by the court are immaterial. The reading of the depositions will be concluded Friday morning.

JOHN KEMPER CAPTURED.

He is Charged With the Murder of William Dewees.

Madisonville, Ky., Aug. 21.—John Kemper, the murderer of Wm. Dewees, at Carrsville, a few days ago, was captured near that place Thursday by officers after leaving the county and returning. He will be examined Friday and will offer for his defense that Dewees ruined his home, having been too intimate with his wife. Dewees was a prominent educator and the tragedy has created quite a sensation in this section.

MORGAN RAIDERS.

They Concluded Their Reunion By Electing Officers.

Carlisle, Ky., Aug. 21.—As the concluding act of a two-days' reunion, Morgan's raiders have elected the following officers: President, Gen. Basil Duke, Louisville; vice presidents, Col. J. W. Bowles, Judge M. C. Sauley, Maj. O. S. Tenney; secretary and treasurer, Capt. W. T. Havens. It was decided to have a meeting next year probably at Park Hill, but this matter will be decided later on by the committee.

Noted Turfman Dead.

Louisville, Ky., Aug. 21.—Hiram Scoggin, the noted turfman, died at his home in this city Thursday morning after a long illness. In partnership with Sam Bryant, he owned Proctor Knott, Buchanan and other equine cracks. Scoggin discovered and developed the jockeys Charlie Thorpe and Tom Brittan. Outside of his race horse interests Mr. Scoggin conducted an extensive mule and horse-buying business.

Sue For Goebel Reward.

Louisville, Ky., Aug. 21.—City Detectives Dee Armstrong and Will Harding next month will file suit for \$5,000 against the Goebel reward commission, which they claim is due them for the conviction of Henry E. Youtsey, against whom they say they secured the first evidence.

Beckham Their Guest.

Paris, Ky., Aug. 21.—Gov. J. C. W. Beckham was the guest of honor at a picnic given here Thursday by the lodge of workmen. The ovation he received was very complimentary. Mrs. Beckham accompanied him. Many prominent politicians were in attendance.

THE MILLER CASE.

President Roosevelt's Attitude in Connection With the Matter Defined in a Letter.

DOCUMENT SENT TO THE CABINET

No Objection to Government Employees Constituting Themselves into a Union if They So Desire.

But No Rules or Regulations of That Union Can Be Permitted to Override the Laws of the United States.

Oyster Bay, N. Y., Aug. 21.—President Roosevelt, having made applicable to all departments of the government service the principle he enunciated at the time he reinstated William Miller to the position in the government printing office from which Miller had been dismissed because of a disagreement with the Bookbinders' union, Thursday night authorized the publication of a letter which has been sent to each member of his cabinet on July 22. The letter was signed by Mr. Barnes, the acting secretary to the president, and is as follows:

"My Dear Sir: The president directs me to send you herewith for your information, copies of two letters sent to Secretary Cortelyou with reference to the government printing office, which defines the attitude of the administration in connection with the subject discussed. They are sent you for your information and guidance, as they indicate the policy of the president in this matter."

The letters to Secretary Cortelyou were written on July 13 and 14. The salient sentence of the first letter was:

"There is no objection to the employees of the government printing office constituting themselves into a union if they so desire, but no rules or resolutions of that union can be permitted to override the laws of the United States, which it is my sworn duty to enforce."

In the letter of July 14 the president quoted the finding of the anthracite strike commission regarding the employment of labor as follows:

"It is adjudged and awarded that no person shall be refused employment or in any way discriminated against on account of membership or non-membership in any labor organization and that there shall be no discrimination or interference with any employee who is not a member of any labor organization by members of such organizations."

Concerning this principle the president wrote:

"It is, of course, mere elementary decency to require that all the government departments shall be handled in accordance with the principle thus clearly and fearlessly enunciated."

TURKEY BACKS DOWN.

The Government Accepts All the Demands of Russia.

Constantinople, Wednesday, Aug. 19.—Twek Pasha, the Turkish foreign minister, yesterday visited the Russian ambassador and notified him that the Turkish government accepted all the Russian demands and begged that the Russian squadron be withdrawn from Turkish waters.

The news of the impending arrival of the Russian squadron is spreading, notwithstanding the continued suppression of all telegrams and announcements on the subject. The general opinion of the Europeans here is that the time has arrived for a vigorous intervention and the abandonment of all semi-measures, which are regarded as the cause of the present rising.

Bristol, Tenn., Aug. 21.—William S. Thomas, miner, 20, was killed Thursday by falling slate in a mine at Norton, Va. Thomas' home was in Harlan county, Ky. He is the seventh victim of falling slate in these mines within a month.

LORD SALISBURY.

The Ex-Premier of Great Britain is Critically Ill.

London, Aug. 21.—The condition of Lord Salisbury Thursday afternoon is regarded as being critical. The most serious element of his illness is nervous prostration, which, on several occasions, has been acute. Lord Salisbury is suffering from Bright's disease of the kidneys.

His illness was aggravated by a slight accident last week. Lord Salisbury was asleep in a chair when the arm on which he was leaning gave way and he fell heavily to the ground, receiving a severe shock.

A bulletin which was issued at 10

LORD SALISBURY.

o'clock Thursday night said Lord Salisbury's condition was critical, and there was little hope of his recovery. The end may be expected at any moment. Once in the course of the evening it was thought that his lordship had already breathed his last, but he made a surprising rally, and at midnight it was announced that his condition had not changed since the issuance of the 10 o'clock bulletin.

NEGRO LYNCHED.

He Confessed to the Murder and Assault of a Child.

Halifax, N. C., Aug. 21.—The dead body of Mary Jenkins, 13 years old, was found in the stable of Capt. Griffin, her grandfather, Thursday night, with the throat cut from ear to ear.

A Negro employed by Capt. Griffin, when searched, was found to have the keys of the stable, a bloody knife, and blood on his hands and clothes.

A crowd gathered and, securing the Negro, hanged him to a tree and ridged his body with bullets. The Negro after the noose had been placed around his neck confessed to the murder and assault of the child.

RUNAWAY TRACTION CAR.

One Person Killed, One Fatally Injured and Others Hurt.

Braddock, Pa., Aug. 21.—An open car on the Wilkensburg & East Pittsburgh division of the Pittsburgh Railways Co., ran away on a high grade in North Braddock Thursday evening and in its wild dash killed Archie Hamilton, fatally injured Philip Burns and injured several other persons. The car, which carried 85 passengers, was not derailed, but the sudden lurch it gave as it rounded a curve threw the passengers from their seats. Hamilton and Burns were thrown from the car against an iron pole.

ON AN ELECTRIC LIGHT TOWER.

Two Boys Touched a Live Wire and Were Killed.

Saginaw, Mich., Aug. 21.—James Budd and Eugene Moss, 16 years old, Thursday night were killed and burned on top of an electric light tower 125 feet high. Moss and Budd climbed the tower and Moss touched a live wire and dropped dead. His clothes were in flames and Budd, who had started to descend, returned to rescue Moss. Budd touched the wire and was killed and burned. The electric light current was turned off for two hours while linemen secured the bodies.

THEY DIED TOGETHER.

A Young Couple Drowned in Black Lake, Michigan.

Holland, Mich., Aug. 21.—John Van Dellen, of Chicago, and Miss Henrietta Wrikkers, of Grand Rapids, met death in each other's arms in Black Lake Thursday afternoon. The couple went out rowing, when the boat struck a log. Miss Wrikkers became greatly excited and jumped overboard. Van Dellen leaped after her and she immediately clasped him in a tight grip. A desperate struggle followed, during which both sank.

OFFICERS ELECTED

Gen. John C. Black Was Chosen as Commander-in-Chief of the G. A. R.

BOSTON NEXT MEETING PLACE.

Senior Vice Commander, Col. Keene, of California; Junior Vice Commander, Col. Kessler, of Montana.

Woman's Relief Corps and the National Association of Army Nurses of the Civil War Also Held Annual Elections.

San Francisco, Aug. 21.—The Grand Army of the Republic Thursday selected Boston as the place in which the encampment of 1904 will be held, and elected the following officers:

Commander-in-Chief, Gen. John C. Black, Illinois; senior vice commander, Col. C. Mason Keene, California; junior vice commander, Col. Harry Kessler, Montana; surgeon-in-chief, George A. Harmon, Ohio; chaplain-in-chief, Winfield Scott, Arizona.

The only contest of officers was over chaplain, for which two ballots were taken. The remaining officers will be chosen Friday and it is expected that the encampment will be adjourned at noon.

The first report of the afternoon was that of the flag committee. It recommended the passage of bills through congress and the different states for the purpose of fostering public sentiment in favor of honoring the national flag. The report of the committee was adopted.

A proposition to admit sons of veterans into the grand army posts was strongly supported, but after an extended debate was defeated by a small majority. The encampment adopted a resolution requesting congress to pass a bill pensioning all veterans who have reached the age of 62 years.

During the afternoon a reception under the auspices of the press committee was held at the Mark Hopkins institute of art. In the evening there was a reunion and dog watch by the naval reserve which, during the day, had paid a visit to the Mare Island navy yard. All of the social functions were well attended.

The Woman's Relief Corps elected the following officers Thursday afternoon: National president, Sarah Wiggins, Ohio; senior vice commander, Ursula M. Mattison, Washington.

The Employers' Association of Chicago has discovered that the cost of living has increased 15 per cent. during the last five years, and has decided that wages should be increased in like ratio. Fifteen per cent. hardly represents the actual increase in the cost of living, according to statements from other sources, but there are very few laborers who are receiving much more now than five years ago.

Danger in High-Heeled Shoes.

The tirade against high heels threatens to become a crusade if all physicians are really going to take it up and tell what they know of the evil effects the stilt-like things now fashionable produce. If these same physicians weren't made of the mettle which we know characterizes them they would just say nothing and chortle with glee at every woman they see scudding along on the lifts, thinking of the increase in their practice such a custom means. But with an unselfishness that is good to see some have come to the front, with warnings that are timely, and would, if heeded, ward off much suffering. And the question is, Will they receive the attention they should, these warnings?

It was reported his hand was cut off, but the accident was not so bad as that. The wound was dressed by Dr. Taulbee. Mr. Gollenstein fortunately carried an accident policy with Mr. W. H. Key, and will receive \$10 a week while disabled.

ELKS FAIR.

Thrilling Feats by Bickett Family Most Daring Ever Seen Here.

Fine Exhibition of Horses and Cattle Thursday—The Successful Exhibitors. Floral Hall Premiums.

Thursday was an ideal fair day. The shower Wednesday evening put an end to the dust, and was followed by cooler weather, just such conditions as fair promoters always long for. The attendance Thursday was not, however, up to expectations. The people ever pine for something new. The automobile races last year caught the crowd, and proved a big attraction.

The performance by the famous Bickett family, however, while of a different character, is almost as thrilling as the wild ride by the auto racers. This family certainly merit the title "aerialists supreme." From a trapeze apparatus eighty in length and fifty feet high, with a heavy wire netting underneath as a protection in case of accident, these artists give a performance, "without doubt," as is claimed for it, "the most startling and daring ever conceived of." Nothing equal to it has ever been seen here before. They are also experts in their performance on the Roman ladders.

A CITIZEN DISCUSSES

A Vital Question—Fraught With Interest to Maysville People.

When a citizen right here at home makes a public statement like the following, all room for doubt disappears and the most skeptical must be convinced. It's pretty hard for our readers to prove a statement made by a stranger living in some far-away point of the union, but the endorsement of neighbors, friends and citizens is the best of proof; no better evidence can be had:

Mr. P. Gantley, grocer of 314 East Fourth street, says: "The prompt and thorough relief from backache given by Doan's Kidney Pills is the strongest endorsement possible. When backache is caused by the lack of proper action of the kidneys the only reason for continuing to suffer is the want of knowledge of Doan's Kidney Pills. I procured them at J. Jas. Wood & Son's drug store, West Second and Market streets."
